# How We Work

Our Process: Collaborative, Strategic, Impactful

## Discovery & Analysis

We begin by understanding your unique needs, goals, and challenges through in-depth consultation and data-driven analysis.

## Strategic Planning

Based on insights, we design tailored strategies to align with your business objectives and deliver measurable results.

## Implementation & Upgrades & Support

Our experts work alongside your team to implement solutions seamlessly, ensuring smooth transitions and sustainable growth.

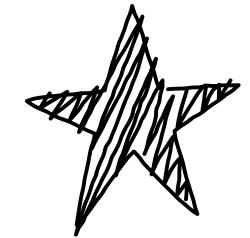

## Continuous Optimization

We monitor progress, analyze outcomes, and make necessary adjustments to maximize long-term success.

# Our Strategic Solution

## Customized Strategies for Sustainable Success

### Tailored Approach

Every solution is designed to address your unique challenges, leveraging industry expertise and innovative thinking.

### Comprehensive Strategy

We integrate market analysis, competitive positioning, and actionable plans to achieve your objectives.

### Focused on Measurable Results

Our solutions emphasize achieving tangible outcomes, from increased revenue to enhanced customer engagement.

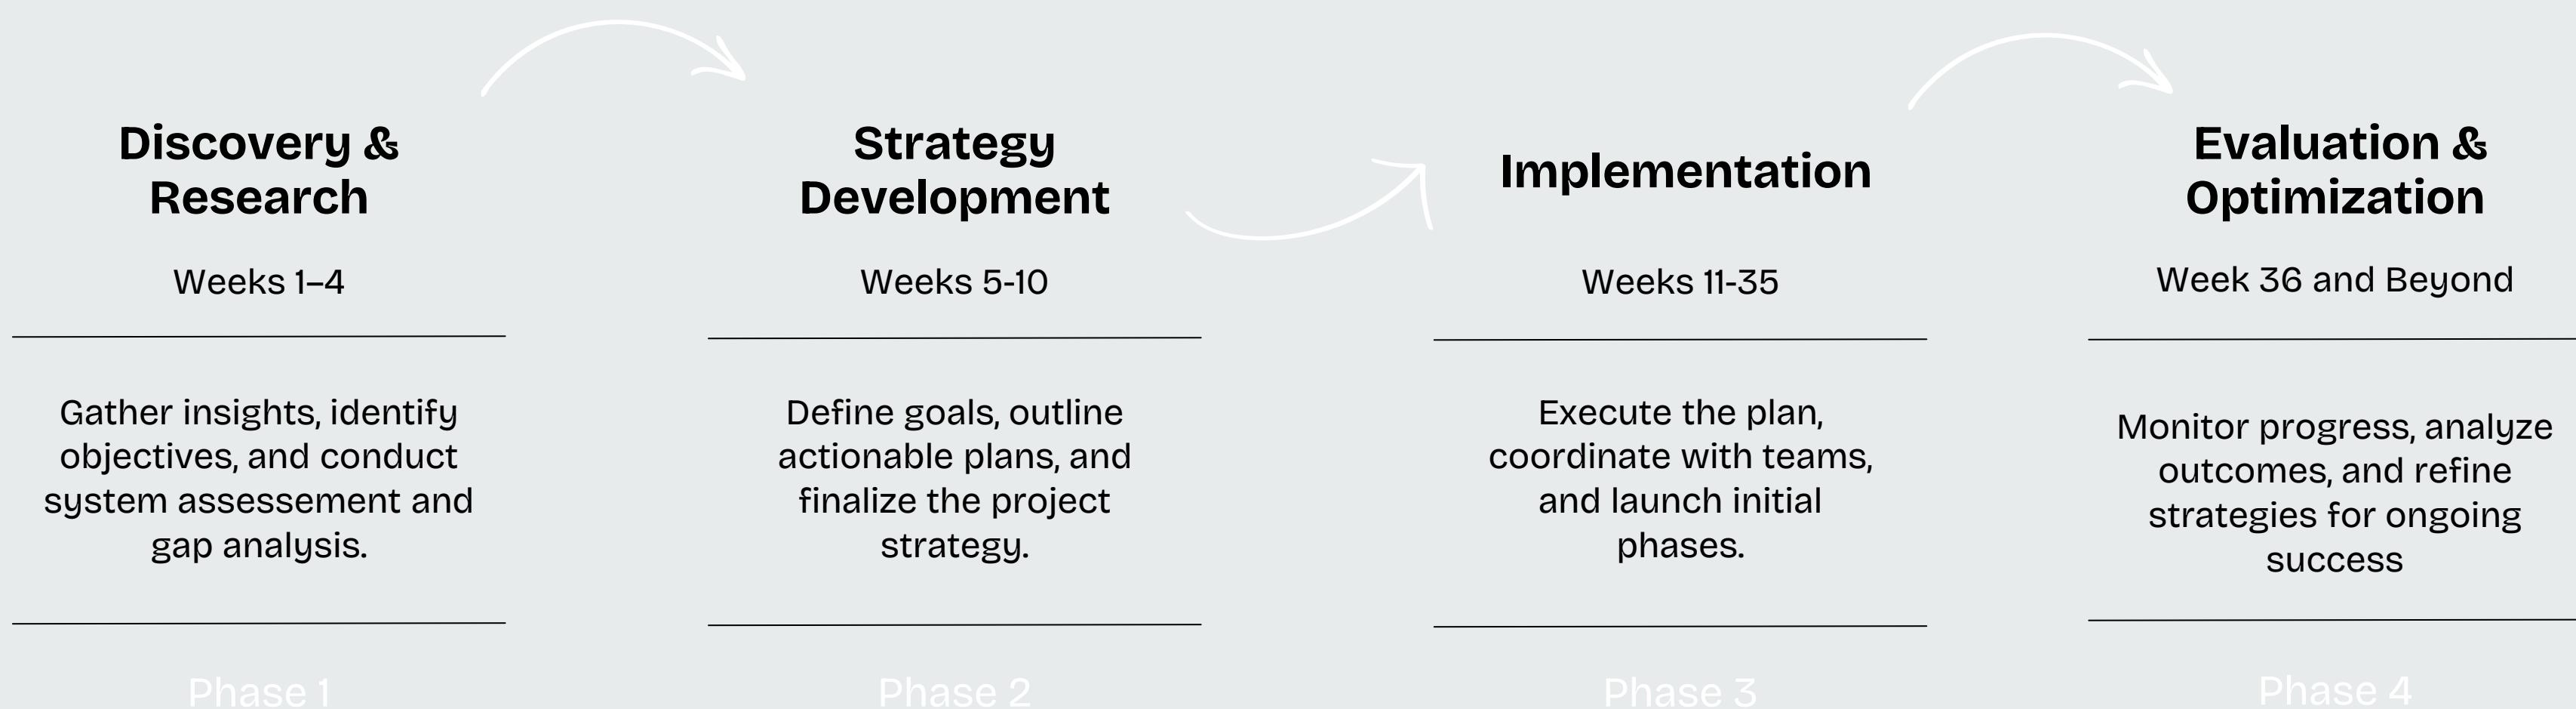

### Collaborative Execution

Partner with us for seamless implementation, ensuring alignment with your business goals every step of the way.

# Project Roadmap

Milestones to Drive Your Success

# Incident Classification for Application Support

**ONAS understands below severity expectations and is committed to providing the support services inline with the below levels.**

## Priority (P1): Critical

- ✓ Business / Site / Country is down
- ✓ Application supporting business process is down or not functional
- ✓ One or more major business processes are unavailable
- ✓ There is no workaround available

## Priority (P2): High

- ✓ Application supporting business process is not down but there is a serious problem affecting users' productivity
- ✓ Workaround if provided, is inefficient

## Priority (P3): Medium

- ✓ Loss of secondary Application functionality with possible work-around
- ✓ Difficulties in user interface
- ✓ Application error with possible workaround & no data loss

## Priority (P4): Low

- ✓ Requests without an immediate impact
- ✓ No direct impact on business

# Proposed Support Model

- ❖ The resource shifts will be planned to provide dedicated support throughout the assigned tasks.
- ❖ Resource Level shift planning will be finalized based on scope and support coverage needs.
- ❖ ONAS will provide resources to supervise the plan, schedule, and team governance.
- ❖ Based on Actual tickets the resources will be added or removed accordingly to balance the workload.
- ❖ Any deviation to the scope will be executed with a change order.
- ❖ The holiday list will be as per the Customer holiday calendar.

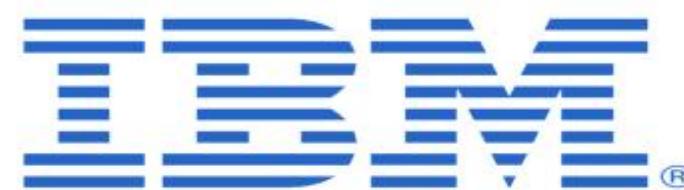

# Staffing Services & EdTech Solutions

- 1. Staffing Services Commercials :** Competitive pricing model based on skill set, experience, and engagement type (contract, contract-to-hire, or permanent). Flexible billing options to suit project needs and budget. Transparent cost structure with no hidden charges.
- 2. Replacement Services :** Free replacement within [1 or 2 days/1 weeks] in case of early resource exit or performance concerns. Dedicated account manager to ensure a smooth and timely onboarding process for replacement candidates. Continuous performance tracking to ensure quality and service consistency. We are confident that our cost-effective solutions and reliable resource management will add value to your business operations.
